Page 3 Last Paragraph

"IAB Conducted A review of all available BWC, Surveillance Cameras, Cell Phone Video, Interview with SOTO (april 10, 2026), and written reports in this case. The following is a synopsis of the reviewed footage and written reports."

Commander does not mention or report about 2 security guard witnesses written reports. Only mentions fecmal security guard (with potato chips) one time in Officer Hawkins BWC review

Page 8 paragraph 4 mentions Bianca security guard statement in one sentence (lady with potato chips).

Commander review of security camera video does not mention two other security guard witnesses who saw the man pepper spray victim.

Commander does not mention or report that their is written statements from two security guard witnesses.

I was not given written reports even though I requested them throught a cora request. I still have not recieved reports as of April 22 2026. I submitted another CORA request.

Key moments in video evidence were not reported. Time stamps show important events or statements said.

- **Victim Did or Did Not State or Say if He Had Pepper Spray. States This Twice in the Report Beggining and End**

Page 1 fourth paragraph Commander states victim did not respond or answer question

Yet on Page 12 First Paragraph under d. phone interview with soto - April 10 2026
sentence 7 Commander does not report that the victim told the officer multiple times that he did not have pepper spray. Commander states that Hawkins did not lie on his police report. Hawkins did lie

Officer Hawkins never searched victim or his bag for pepper spray. If hawkins thought he was a threat or suspect would he not search him?

- **Did NOT report about witnesses written statements or that the other witnesses existed Except 1 time on Maurice BWC Review**

  Except on Page 8 fourth paragraph when Commander does a written review of Hawkins BWC Does NOT state the name of the security guard (bianca) and that she wrote a written report.

  On officer N. Larkins Body worn camera review the commanders reports does not even mention security guard Bianca and the other unknown security guard who does a written statement incident report. When it is clear on officer N.Larkin BWC video
  Page 8 bottom paragraph begining of review

  Commanders review of security camera video does not mention security guard bianca and other unknown security guard as a witnesses. Again both security guards completed written statements. Review starts at page 4 bottom paragraph

  sentence 7 Commander does not report that the victim told the officer multiple times that he did not have pepper spray. Commander states that Hawkins did not lie on his police report. Hawkins did lie

- **Use of force or exessive force report's**

  Page 1 Paragraph 5 states no use of force was used when detaining or having him sit on the ground
  - Page 3 Paragraph 1 states "Hawkins did grab (using soft empty hand control) ***** right arm to stop his movement and after placing handcuffs on him, sat him (guiding *****) on the ground"

  - Page 7 Last Paragraph Gives information again about soft empty hand technique "which is the minimal amount of force needed to handcuff an individual"

Phone interview with Soto begins on page 10

- Page 11 second paragraph states hawkins did not shove victim against the wall
- Page 11 third paragraph 7th sentence Commander states that hawkins and security did not shove victim against wall in my cell phone video

In my cell phone video of the incident notice the location of the victims white plastic bag and the feet of the security guards. While the security guards have a hold of victim they move.
